SITUATION SUMMARY

Cal OES Activation Status

State Operations Center	Inland Region EOC	Coastal Region EOC	Southern Region EOC
Normal Operations	Normal Operations	Normal Operations	Normal Operations

Potential Public Safety Power Shutoff (PSPS), Kern and Los Angeles Counties

On 07/09/19 at 1537 hours, Southern California Edison (SCE) notified the California State Warning Center (CSWC) of their decision to activate their Operations Emergency Center (OEC) for a potential PSPS event.

- On 07/19/19 at 1347 hours SCE submitted an updated report with the following information:
 - SCE remains at PSPS stage “Activating PSPS Protocols / Potential to De-energize”.
 - 4,578 total customers potentially impacted.
 - 3,082 customers could be impacted in Kern County.
 - 1,496 customers could be impacted in Los Angeles County
 - 145 medical baseline customers have been identified.
 - 49 critical care customers have been identified.
 - Potential de-energization times:
 - 1200 hours on 07/21/19 to 1800 hours on 07/23/19 for Kern County.
 - 1500 hours on 07/21/19 to 1800 hours on 07/21/19 for Los Angeles County.
 - All notifications have been made per CSWC SOP.

2019 July 4th / 5th Earthquakes, Kern and San Bernardino Counties

On 07/05/19 at 2019 hours, a M7.1 earthquake occurred approximately 11 miles north-northeast of Ridgecrest on the China Lake Naval Weapons Station in Kern, San Bernardino and Inyo Counties.

Activations

- Kern County Emergency Operations Center (EOC) is activated at Level 1 (lowest). Operational Period: A Shift: 0800-1700 hours.
- San Bernardino County EOC is activated at Level 3 (lowest level). Operational Period:
 - Sunday, 07/21/19: A and B Shift: Duty Officer Status
 - Monday, 07/22/19: A Shift: 0700-1900 hours. Activation will be reassessed.
- City of Ridgecrest EOC is activated at Level 1 (lowest). Operational Period: A Shift: 0700-2200 hours.

Deployments

- 1 Cal OES Southern Region Senior ESC deployed to San Bernardino County EOC

SITUATION SUMMARY (Continued)

2019 July 4th / 5th Earthquakes, Kern and San Bernardino Counties (Continued)

Shelters / Evacuation Centers

WEATHER OF CONCERN

NORTHERN CALIFORNIA

- Gradual warming this week with widespread triple digits expected.
- Further warming is expected Wednesday and Thursday as the ridge moves westward into California.
- Any thunderstorm activity is expected to remain to the north and east of the area this week.

SOUTHERN CALIFORNIA

- Temperatures will warm to above normal across much of the region this week.
- There is a slight chance of afternoon thunderstorms over the mountains through Wednesday.
- The combination of heat and higher humidities may prompt the issuance of Heat Advisories.
- Slight chance of afternoon thunderstorms over Ventura and Los Angeles County mountains through midweek.

WEATHER KEY POINTS

07/22/19 - 07/28/19

Monday

- Isolated thunderstorms across primarily the northern Sierra on Monday
- Dry and breezy afternoon conditions will create slightly elevated fire weather concerns for portions of Coastal, Southern and Inland Regions
- Warming trend continues Monday, with slightly elevated heat related impacts possible

Tuesday-Sunday

- Warming, breezy, and drier conditions will continue elevated fire weather concerns for portions of all regions through the week
- Isolated thunderstorms possible over the high Sierra through much of the week
- Increased moisture from the south will also bring a chance of thunderstorms to portions of Southern Region, primarily Wednesday and Thursday
- Slow moving storms may bring a slight chance of heavy rain and flash flooding to Southern Region, especially on Wednesday
- Temperatures will continue to gradually warm across the state with increasing heat related impacts (peaking Wednesday-Saturday) possible for portions of Inland Region and the Southern Region desert areas

CALIFORNIA WEATHER IMPACTS

GOVERNOR'S OFFICE
OF EMERGENCY SERVICES

Cal OES LAW ENFORCEMENT MISSIONS

Cal OES Law Missions

2019-LAW-3943, 07/21/2019, 1922 hours: Mono County Sheriff's Office requested air assistance for a Search and Rescue (SAR) mission to rescue a 21 year old old female hiker who is stuck 2.5 miles from Donahue Pass at 10,380' and unable to continue. The hiker has a prior medical condition and possible High Altitude Pulmonary Edema. With CHP unable to fly the mission, Area Coordinator (A/C) Miller contacted The Air Force Rescue Coordination Center (AFRCC) to request NAS Fallon SAR assistance as the closest resource. NAS Fallon accepted the mission with a two hour response time. **Update 07/22/19, 0633 hours:** Mono SO advised that NAS Fallon had successfully rescued the hiker and transported her to waiting medics. **MISSION CLOSED.**

2019-LAW-3933, 07/21/19, 1921 hours: The International Emergency Response Coordination Center (IERCC) reported an inReach device activation at coordinates 37.182348 / -118.537202, which plots NW of Coyote Ridge in Inyo County. The 33 year old registered owner (R/O) of the device messaged that he was having symptoms of altitude sickness and numbness. LDO obtained additional information from IERCC, then briefed Inyo County Sheriff's Office (ICSO) SAR Coordinator. **Update 1955 hours:** With no helicopter available, ICSO is forming a team to make the ascent by vehicle. **Update 2051 hours:** ICSO advised a Jeep Team is in route and they have text contact with the R/O thru his device. **Update 07/22/19:** ICSO was able to reach the R/O and transport him safely out of the area. He was taken to Northern Inyo Hospital for treatment. **MISSION CLOSED.**

2019-LAW-3929, 07/21/19, 1911 hours: The Alpine County Sheriff's Office (ACSO) requested SAR resources to assist searching for a 34 year old hiker who missed a scheduled meet up with his hiking partner on Friday and hasn't been seen or heard from since. ACSO is requesting a FLIR equipped helicopter for night searching on 07/21/19 and one for the day 07/22/19 for searching and, if needed, extraction, as well as movement of ground teams as well as 15-20 Type I ground searchers. CNG was not able to provide a helicopter for Sunday night but has secured one for the day operation on Monday and is working to secure one for Monday night. Multiple teams were contact for Type I searchers but only Placer was able to assist. Calaveras SO is assisting with overhead personnel. LDO will make a Type I request today for tomorrow's Op Period. **MISSION ONGOING.**

2019-LAW-3919, 07/21/19, 1335 hours: The IERCC reported an inReach device activation at coordinates 38.485633 / -119.754238, which plots to the PCT, S of Arnett Peak in Alpine County. The R/O of the device messaged that she is at mile marker 1039.3 with an injured knee and can't continue. LDO obtained additional information from IERCC and the R/O's emergency contact then briefed the Alpine County Sheriff's Office (ACSO). **Update 1810 hours:** LDO contacted ACSO for an update, They advised they were still searching for the R/O. IERCC advised the R/O was no longer responding to messages thru the device and had cancelled the activation so they could no longer track her location. **Update 1842 hours:** While in the process of contact inReach to obtain a current GPS location on the R/O, the IERCC reported that her device was showing her approx. 36 miles away in Arnold. They confirmed that Cal Fire had used their helicopter to rescue the R/O and taken her to the Meadowmont Lodge in Arnold. Alpine SO advised. **MISSION CLOSED.**

Cal OES MISSION TASKING

Cal OES Missions

- **2019-SOC-3452:** 5 Division of State Architect Engineers for PDAs. (On Scene)

Cal OES

GOVERNOR'S OFFICE
OF EMERGENCY SERVICES

Mission:

We protect lives and property, build capabilities, and support our communities for a resilient California.

We achieve our mission by serving the public through effective collaboration in preparing for, protecting against, responding to, recovering from, and mitigating the impacts of all hazards and threats.
